

PARKER

SPLINT

REVOLUTION IN A ROLL
the **GOLD STANDARD** in fracture care

GOLD STANDARD CARE

- industry leading strength
- fiberglass layer technology outperforms synthetic substrates in strength, moldability, conformability and patient protection, all with minimal water activation.

POLYPROPYLENE PADDING

- no wrong side application
- soft & breathable splint
- superior moldability
- smooth conformability
- low profile = patient comfort

COST EFFECTIVE

- roll form design reduces waste
- custom cut length per patient
- low price guaranteed

VALUE ADDED SERVICES

- full warranty with every roll
- sharp scissors, free-for-life
- on-site clinical education
- coding and reimbursement consulting

MADE IN THE USA!

- superior quality control
- just-in-time production
- no backorders due to imports
- helping OUR economy!
